## BUILT-UPS

**Built-Up combinations enable you to combine multiple moulding profiles to produce an extraordinary effect.**

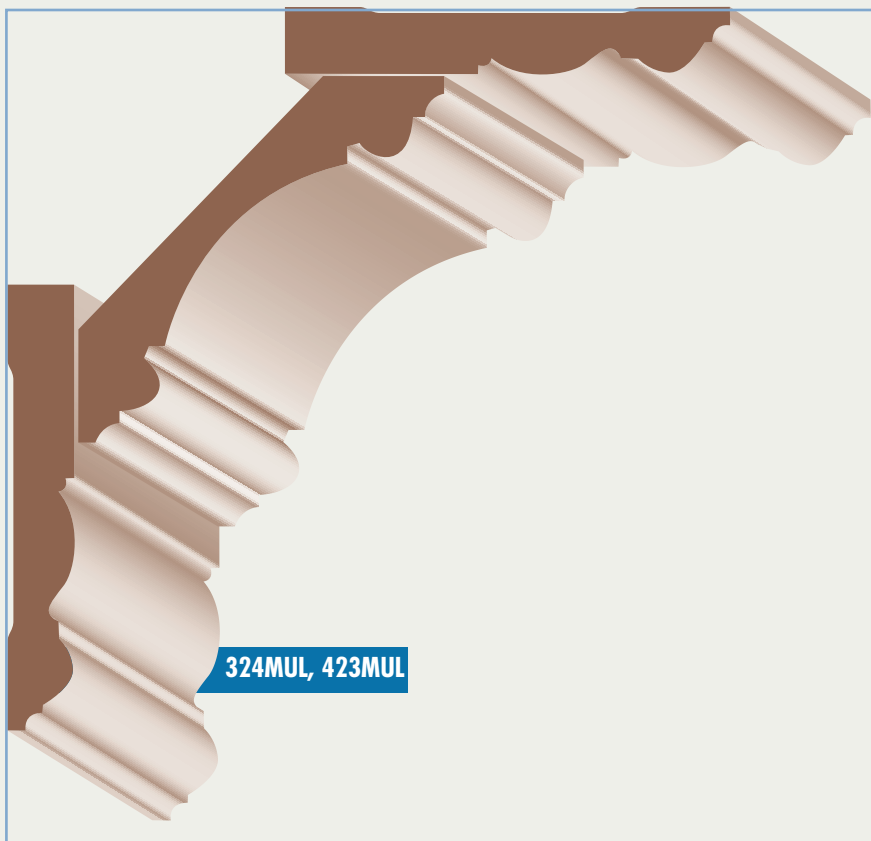

Built-ups combine two or more moulding profiles to create a completely new design and customized look and make it easy to create custom details without the custom expense.

Built-ups for ceiling, door and floor applications can consist of a wide variety of arrangements. By using different combinations of Crown, Base, Casing, S4S, and Panel Mold you can make a more impressive statement with your moulding choices.

We invite you to look through the following section to begin the process of unlimited creativity and imagination.
